

31 October – 3 November 2011, Moscow, Russia

MASHEX, is the specialised exhibition for machinery, components, materials, technologies and services for metal-working and machine-building.

We have created 8 individual but complementary sectors within MASHEX, bringing together every element of the industry including software and design engineering tools, manufacturing equipment, new technologies and products.

- Metalworking
- Moulding Machines
- Precision Engineering
- Materials / Composite
- CAD / CAM (PLM)
- Robotics
- Welding / Heating
- Lasers

Each of these sectors will have its own targeted marketing and visitor promotion campaign, making sure that you meet decision makers, buyers, end users and professionals that are looking to do business with your company.

Supported by: The StakoInstrument Russian Association and the Russian Union of Machine Builders

Approved by: The Global Association of the Exhibition Industry (UFI) and the Russian Union of Exhibitions and Fairs

Exhibitor Profile:

Machine tools for cutting, splitting and milling
Metal forming machine tools
Machine tools for thermal, electro-chemical and other processes
Surface finishing technology
Software for manufacturing technology
Materials and Components
CAD/CAM (PLM)
Robotics and automation
Material flow and storage technology
Industrial electronics, sensor and diagnostic technology
Precision tools, diamond tools, measuring tools
Moulding machines
Instrumentation and control technology
Welding, cutting, hardening, heating
Mechanical, hydraulic, electrical and electronic accessories for manufacturing technology

Visitor Profile:

Decision makers, end users, buyers and industry professionals from:

Automotive industry and suppliers	Aerospace industry
Aviation industry	Electrical and electronic industry
Construction	Precision mechanics and optics
Machine building, construction of equipment	Drawing, cold rolling mills, steel forming
Tool and mould making, jig and fixture design	Manufacture of iron, sheet metal and metal ware
Steel and light-metal construction	Surface finishing, hardening
Road vehicle construction and suppliers	Processing of new materials
Rail vehicle construction and suppliers	Metal working crafts
Shipbuilding industry	

MASHEX 2010: 141 Exhibitors
 14 056 visitors
 Co-Located with PVC exhibition
